Library System

Established by agreement between two or more municipalities and/or school authorities as provided for under Section 19 of the Libraries Act, statutes of Alberta 1983, Ch.L-12.1. It is supported by local taxes and is governed by a board consisting of one member appointed by each participant, two members appointed by the Lieutenant-Governor in Council and additional members approved in accordance with the Libraries Regulation. There are five library systems.

Municipal Library

Established by passage of a by-law under Section 9 of the Libraries Act, statutes of Alberta 1983, Ch.L.-12.1. It is supported by municipal taxes and is governed by a board of not less than five and not more than ten members, all appointed by the council of the municipality. Not more than two members of council may be members of the Board. There are 259 municipal library boards, including those receiving service from library systems.

Community Library

Established, governed, and supported by an association of persons, whether incorporated or not, and authorized by the Minister, under Section 31 of the Libraries Act, statutes of Alberta 1983, Ch.L-12.1, to provide library services to the public in a given area. It is governed by a board which is a corporation. There are 22 community library boards.

School-housed public libraries are indicated by an asterisk (*).

Notes

General

1. Total provincial support as a category includes grants to resource libraries for provision of services to libraries in the province.
2. Where "n.d." appears no data were available.
3. "n.a." means that the information is not applicable.
4. Where the following letters appear, these explanations apply.
   (a) Monies from other government sources, excluding basic per capita operating grant (Provincial Grant).
   (b) Interest and principal payments on debentures.
   (c) Excludes fiscal payments.
   (d) Total operating expenditures, fiscal payments and capital expenditures.
   (e) Population includes Saskatchewan part of City of Lloydminster.

5. * Indicates a school-housed public library. Data may reflect non-public library statistics.

Library Systems

1. Bookstock, Acquisitions, and Withdrawals may include books owned and provided by the system. Measurements derived from these data may not be comparable with those from other libraries.
2. Materials expenditures include only money paid by the Municipal Board, not expenditures by the system on behalf of the board.
3. Municipal boards in Marigold Library System provide part of the funding for the system; boards in Parkland and Yellowhead do not.
4. Totals for Marigold, Parkland, Peace, Shortgrass, and Yellowhead Regional Library Systems are composites for total system, both HQ and all service points.

Output Measures 1987

Additional data were gathered from libraries in 1987 and used to provide 24 output measures. These begin on page 21. For libraries with graduate librarians, information was also gathered on eight additional measurements:*

Library budget as % of municipal budget
In library use per capita
Library visits per capita
Program attendance
No. of reference transactions
Reference fill rate
Materials availability
Document delivery

*These statistics are available on request and can be published if demand warrants it.

The Output Measures are produced using the publication **Output Measures for Public Libraries** by Douglas Zweizig and Eleanor Jo Rodger. Chicago: American Library Association, 1982.
